It is an enduring tradition to take time to pause, turn around to look back at the fruitful year gone by, achieving both the expected and the unexpected while setting various milestones and then synergizing ourselves to move ahead to face the challenges in the coming year with a positive attitude.

There is always a podium laid for every individual to dream! to drive! to determine and to decide their destiny.

Mar Thoma Public School is always there as a platform for our students to dream big and to explore their capabilities and to excel in whatever they do.

At the outset let me thank God Almighty for all His blessings bestowed on us year after year.

I also thank our mentors of the Executive Committee and the Management team, who are always there to support and motivate us.

I would like to place on record our sincere gratitude and appreciation to the members of the previous Executive Committee who stood by us in all our endeavors. Thank you.

Heartfelt gratitude and love to our dear Asha ma'am, who is our mentor and source of inspiration, who always motivates each one of us to be energetic, evergreen and creative.

And finally, a big thank you to our parent community who is with us in all our endeavors.

Our institution has a strong team of more than 140 members in all capabilities, who are dedicated and inspired by the philosophies of our school and ready to work hard and give in their best in all our activities

The two years of pandemic have taught us to face many challenges, which in turn equipped us to innovate and explore alternative methods to move ahead and to achieve our goals.
